

United Nations Sustainable Development Goals (UNSDGs) Alignment

SL Green’s efforts in sustainability support the UNSDGs and reflect our commitment to a sustainable future. These goals address the most pervasive global challenges and represent actionable targets designed to help our planet achieve long-term environmental and social sustainability. We recognize that these global issues have a local context and we are committed to doing our part in impacting each within the communities where we operate. SL Green directly aligns with 16 of the UNSDGs as evidenced through disclosures aligned with the Global Reporting Initiative (GRI). You can find more information regarding our program at sustainability@slgreen.com.
